QUALITY ASSURANCE AND QUALITY CONTROL

GEMC Nigeria Limited is committed to excellence in service, adhere to the ethical standard in all we do, and tenaciously strive for more improvement in excellence and speedy delivery of goods and services.

The quality of every job as assures. This is because GEMC Nigeria Limited has in her employ dedicated and skilled staffs that are committed to excellence in their respective field, moreover, they are periodically exposed to new ideas in the industry through training and seminar courses.

Furthermore, to attain quality assurance, GMEC Nigeria Limited ensures that all her job are executed base on client services agreement and procedure using the highest standards of material or equipments. Even supplies of goods are with utmost caution, to ensure that what is supplied is of the highest standard.

Employees are engaged base on the physical capability, job skills and general alertness of the prospective employees. This is base on the physical job requirement and hazard of relative tasks.

To ensure all goods supplied and all service rendered by GMEC Nigeria Limited have laid down rules and regulations, which form the guideline principles in our relationship with clients.

The best grade of goods/product is supplied to the clients.
replacement of rejected product are compensated.

Quality must not be sacrifice for price.

We supply goods known to us to avoid delay.

Routine inspection of equipment are carried out daily on work site.

Only certified operators are authorize to operate such equipment at work site.

Incentive and allowances are provided for field workers and operators.

In case of breakdown of equipment, immediate replacement are made without cost to the clients.

ENVIRONMENTAL HEALTH AND SAFETY BRIEF

GEMC Nigeria Limited recognize that safety goals are inseparable from the goals of efficient operations required to achieve high profit performance without interruption arising from mishaps. Therefore, safety, health and environment protection is our “number one priority” and it is integrated in to our daily activities and managed with the same dedication as production and cost control.

As a business and as a member of the world class community, GEMC Nigeria Limited is committed to creating superior value for our stake holders, customers, partners, employees and the countries in which we operate. To succeed we must achieve world-class performance and exceed the capabilities of our strongest competitors.

For GEMC Nigeria Limited achieving business success and world-class performance begins with a commitment to the systematic management of health , environment safety reliability and efficiency. We refer to this as operate as excellence. Our vision is “to be recognized and admired by industries and the communities in which we operate as world- class in safety, health, environment , reliability efficiency”.

In all aspects of our business GEMC Nigeria Limited is committed to:

- Achieving an injury-free workplace

- Eliminating spills and environmental incidents, identifying and mitigating key environment risks.

- Promoting a healthy workplace and mitigating significant health risks.

- Operating incident free with industry -leading asset reliability.

- Maximizing the efficient use of resources and assets.

To meet these objectives, GEMC Nigeria Limited strives to achieve and sustain high levels of health, environment and safety performance. We do this through the systematic management of health, environment and safety issues. Whether it's terminal operations, lubricants sales, or trading, at GEMC we work every day to develop strong capability in operational excellence throughout our business. This requires active leadership and engagement by all our employees.

Leaders at all levels establish and maintain a culture where everyone believes that all incidents are preventable and that “zero incidents” is possible.

with engaged and committed leadership, world-clase health, environment and safety processes, and a “zero incidents” culture qare actively pursuing our objective in operational excellence. Where as a customer, contractor, business partner, we invite and welcome your commitment to operational excellence as well.

EQUIPMENT MAINTENANCE POLICY

All equipment are regularly maintained, all unserviceable equipment shall be locked out and tagged as thus.

The Objective of such routine maintenance checks is to reduce equipment downtime and lost time incidents resulting from lack of maintenance culture.

Routine maintenance is planned and executed once a year or as may be required based on manufacturer's instructions. The aim is to put all equipments in order for hitch free operations/use.

Toolbox meeting on proposed equipment maintenance is done before any maintenance work planned for each day.

All maintenance crew are trained and only experienced personnel are placed and authorized to carry out maintenance.

All maintenance works are carried out in accordance with the company safety maintenance procedures.

Implementation of the maintenance policy is the sole responsibility of the maintenance engineer who reports to the company operational manager.

All projects are executed with the highest possible standard. Skilled and dedicated personnel are employed to the station.
